

Maplewood Village **FREE** Parking

Important Notes and Tips During Construction

Remember, while there will be some reduction in parking around the construction site, circulation and most shopper parking remains unchanged:

1. The Ricalton Square entry from Maplewood Avenue will be open and one-way circulation will be maintained.
2. The pedestrian underpass near the construction site will remain open during construction.

3. During evening and weekend hours check NJ Transit parking areas – Maplewood Ave. north of Durand Rd. and Dunnell Rd. on-street parking – as parking in these areas is often plentiful during these days/hours.
4. On-street parking on Woodland Rd. between Durand Rd. and Jefferson Ave. is allowed and often available.

**As always, check posted parking restrictions to ensure you are legally parked.*
